

# PROTECT OUR KIDS

## SEX EDUCATION & YOUR RIGHTS AS PARENTS

The 2016 California Healthy Youth Act (AB 329) passed a new Sex Education Curriculum. **Public schools are not being transparent about the scope and graphic nature of instructional materials.**

This presentation will cast light on what the law says, reveal sample sex-ed curriculums, discuss alternatives, and your rights as parents.

What can we do to protect our children?

Child care will be provided.
